

THE CINCINNATI PREMIER YOUTH BASKETBALL LEAGUE GENERAL LEAGUE and GAME RULES

Set forth below are the General League and Game Rules for the Cincinnati Premier Youth Basketball League (CPYBL or the "League"). The CPYBL adheres to the rules of basketball as set forth from the OHSAA and the NFHS. Rules specific to the CPYBL are laid out in this rules document. Communities, by entering teams, agree to follow the rules, accept the penalties for noncompliance, and enforce them within their community. The goal of the league is to provide an opportunity for the players to develop the character skills learned from sports through participating in a safe, fun, and conflict free game environment. The games are truly for the children who play.

GENERAL LEAGUE RULES

PLAYERS

1. NO OHSAA TEAM MEMBERS (OHSAA ELIGIBILITY)
2. Players can play on only one **CPYBL** team. Any player who is found playing on more than one team will be ejected from the league as well as the coach who used the illegal player.
3. Players are only allowed to play for a team within their school district, private school, or community area. Players who violate this rule will be deemed an illegal player, unless they are deemed an approved "non-organization player." The limit on non-organization players is expressed in the team section.
4. Players must play in at least 50% of regular season games to be eligible for the end-of-season tournament. Exceptions to this rule due to special circumstances such as injury may be granted by the League.
5. The League has the right to reject any player for any reason.
6. Each player must have a signed Liability Wavier submitted to the League before he or she is eligible to play in a CPYBL game. There are no exceptions to this rule. Players who are caught playing without a Liability Wavier will be removed from the team and not be allowed to play for the remainder of the season and the Post Season Tournament.

TEAMS

1. All teams will ideally be formed from one School District, Private School, or community area. The League will accept teams from its member community programs or teams from communities without an organized external program. Any independent teams wishing to play in the League may do so with approval from the

League. The League gives the right of first refusal to the member community where the potential independent team resides. Open Enrollment is not honored in the CPYBL

2. The League has the right to reject any team for any reason.

3. All teams must have "80%" of its players from one Private School, School District, or community area. The "80%" is defined as if you have 10 players you can have 2 players from outside your community, if you have less than 10 players, you can only have one player from outside your community.

To play for a team outside of a player's home School District, the online release process must be executed with the approval of both communities involved **and** the League. Any player on a team outside of their community without a release will be ejected from the league and the head coach will be ejected from the league. This process must be completed before the first game.

Private school students can only play for their school or the organization in their school district where they live.

A player with parents that live in multiple districts can only play for the organization in the district where the player attends school.

Players from a community without teams in the CPYBL are not eligible to play on a team in the league.

4. Team Rosters must be completed and submitted with all required information to the League deadline prior to the end of the day November 27th. If the League finds incorrect information, the team will have one day to correct it. If noncompliant teams fail to correct, they will be removed from the schedule. A completed waiver is defined as all required information on the website including jersey numbers.

5. For any team in grades 4th-Varsity in any division, the roster maximum is 11. For 2nd and 3rd grade, the roster maximum is ten (10) to meet the playing time requirement for these grades.

7. League reserves the right to move teams from one level of competition to another.

8. Teams will be placed based on the grade of the players comprising the team. If a team has players from different grades, they will play in the appropriate division of the oldest player/s. Exception to this rule may be made with approval of the League.

9. No player may be added to the roster of a team for any reason after December 3rd. Exception to this rule may be made with approval of the League.

10. No team may use "guest" players, or any player not listed on their roster. Any game where a non-rostered player participates will be forfeited. Any team that violates this rule more than once will not be eligible for the Post Season Tournament.

DIVISIONS

The Cincinnati Premier Youth Basketball League is comprised of three main divisions: Athletic, Recreational and Instructional.

1. Athletic

The athletic division is divided into 3 levels: A, B, and C. The Athletic Division will be comprised of Boys and Girls teams in 3rd through 6th grades only. To qualify for an athletic division level, the teams must be formed through a tryout or a formal process that organizes the players by skill level. Larger communities may place multiple teams in a level.

For the development of the players, it is important to place the teams at the correct level. Here is a guideline to assist you in making the decision.

A Athletic

- Players are the top players from the tryout.
- Higher level of basketball experience relative to their grade
- Practice multiple times per week.
- Usually play in the offseason (AAU, Spring or Summer leagues)

B Athletic

- Players are the next highest graded group from a tryout
- Moderate level of basketball experience relative to their grade
- Practice multiple times per week
- May play in the offseason (AAU, Spring or Summer leagues)

C Athletic

- Players are the next highest graded group from a tryout
- Basic level of basketball experience relative to their grade
- Practice at least once a week
- May play in the offseason

2. Recreational

The recreational division is divided into two divisions: High Recreational and Recreational

In grades 2-6, High Recreational and Recreational teams must be formed from a draft process. Exceptions will be made for smaller communities that have one team either in total, in a grade, or of a gender. The intent is to have talent distributed evenly across the recreational teams. Coordinators will certify the creation process. Any team that is moved from the Recreational division to the Athletic division will be charged the difference in price between Athletic and Recreational.

The High Recreational competitive division is for boys and girls comprised of Boys and Girls teams in 4th through Varsity grade. This division is for players who did not make a select or school team and want to play competitive basketball.

The High Recreational division will include a 3rd grade level for those teams that require a more competitive schedule.

The Recreational division is for players who want to play but not in a competitive environment. The focus for the younger players, 4th -6th grades, is to provide games where they can develop their skills at their own pace. For the older kids, 7th-Varsity grades, the focus is to provide an outlet for them to play without competitive pressure. These players are typically playing more for social reasons than they are playing for competitive reasons. This division gives them that outlet.

3. Instructional

The Instructional Division is for 2nd grade.

RIM HEIGHT

1. 2nd grade boys and girls will play on 8 ft. rims
2. 3rd grade through Varsity Boys and Girls will play on 10 ft. rims

SEASON SCHEDULE

1. Athletic teams play a 20-game schedule
2. Recreational teams can choose between a 20 or 10 game schedule where there are enough teams for a viable schedule. Instructional teams play a 10-game schedule. No high rec 20 games is offered
3. Grades 2-6 will begin play on the first weekend in December
4. Grades 7-Varsity will begin play the 2nd or 3rd weekend of December (depending on the holiday schedule) and no later than the first weekend after the Christmas break.
5. The 7th-Varsity Divisions season will be 9 weeks.
6. If any team is removed from the league after the schedule is created, the community will be charged an additional team fee for removing the team

RESCHEDULING GAMES

1. No team may cancel a League game without approval from their community Coordinator and the League
2. The League will only reschedule games for sanctioned reasons:
 - School Event
 - Gym Closure
 - Inclement Weather

- Illness resulting in less than five players

3. Teams may request the rescheduling of a game, if the request is made no fewer than (10) ten days in advance of their original scheduled date; no last-minute changes will be allowed. If a game is cancelled, fewer than 10 days before its scheduled date, the cancelling team will be responsible for the Official's fees

4. Rescheduling games should follow this process:

- Team requesting change contacts their coordinator.
- Coordinator approves change and sends request to the other community coordinator.
- Once affected teams agree on a reschedule date, the requesting coordinator submits the change to the League. The League will coordinate all schedule changes with the Official Coordinator.
- Communication will be sent out on the change after the change has been executed on the website to those who subscribe to the affected teams.
- It is up to each community to communicate schedule changes to those who are not subscribed to their team.

5. If coaches reschedule a game without the approval of the League and their Coordinator, the game will not be rescheduled and marked cancelled. The offending coach will be responsible for the Officials' fees.

6. All schedule conflicts and school events must be listed in the Schedule Conflict Portal prior to the start of the schedule process to be considered and sanctioned. Schedule conflicts may be rejected for being outside of the sanctioned reasons.

GYM USAGE

Organizations that have athletic teams must provide 2 weekend days (Friday-Sunday), one being Saturday and communities that only have recreational teams must provide a Saturday or Sunday. For organizations without the ability to provide the proper gym time or those who are lacking a gym, arrangements have been made to place games in a sports facility for a charge of \$55 per game.

GYM STAFFING

1. Each member community is responsible for opening gyms for their home games a minimum of 30 minutes before the start of the first game.

2. By vote, each member community will provide a clean and safe environment for its home games. Each member community will provide a gym monitor. By vote of the member communities, the gym monitor must be a person independent from the game. Coaches, scorekeepers, clock keepers, concession workers, or entrance table workers cannot serve as gym monitors. The role of the gym monitor is to oversee the operation of the event and be available, if needed, to manage the gym, protect the officials, and to manage the crowd, by controlling the behavior of all fans and assisting the officials in this area. The gym monitor should proactively manage the fans by reminding them of the Code of Conduct at the first sign of a violation. Each community will assign the gym monitor as they see fit. Each community is responsible for the training of any gym monitor. The League does not want anyone to be put in harm's way.

The League strongly suggests that any gym monitor should call the police in the event of an incident. The gym monitor must be an adult over 25 years of age.

3. Failure to have a gym monitor will result in the exclusion of teams from the CPYBL Tournaments and the community will be placed under review and inclusion in the league will be subject to a member vote.
4. Gym monitors are responsible for introducing themselves to the officials before the start of each game, to have a copy of the rules on the scorer's table.
5. Gym monitors are asked to report any incident to the League immediately.
6. Coaches and Officials are to report violations of the League Codes of Conduct to the League.

ADMISSION

1. Maximum admission charges for all CPYBL games for team without an off-duty police officer will be:
\$5.00 per person

For communities that employ an off-duty police officer, the maximum admission charge will be:
\$7.00 per person

The off-duty officer must always be present in the gym during a game.

2. Admission fees may be charged at the discretion of each member community. Admission fees, if charged, shall apply to all non-participant spectators. A participant is a player, a coach, one assistant coach, or an Official.
3. Entrants to a CPYBL game who verbally abuse or refuse to pay will be subject to discipline up to a two-game suspension for the first violation and expulsion for the remainder of the season on the second violation.

OFFICIALS

1. All Officials are required to have a league coordinated background check performed before being allowed to work CPYBL games. As an example, Incidents of child abuse, drug crimes, sex crimes or other offenses deemed inappropriate for contact with children, at the League's discretion, will disqualify an Official from eligibility for assignment to League games.
2. The league will strive to place the highest caliber Officials available for the grade level playing. The goal will be to use OHSAA certified officials exclusively.
3. Only OHSAA level 2 or higher Officials will be used for Athletic division games and Grades 7 - 12 games

OFFICIAL FEES

Official fees must be paid before the game. Each team pays one Official.

Fees will be as follows:

- \$40 2nd Grade Instructional. One Official is paid \$20 per team
- \$35 Grades 3 – 6 Recreational. Two Officials each paid \$35 per team
- \$35 Grades 4 – 6 Athletic, and all 7 –Varsity games. Two Officials each paid \$35 per team

FORFEITS

1. When a team does not show up for a scheduled game, it will show as a forfeit loss in their record and standings. The “no show” forfeit fee is \$100 per game plus Official fees and the team must pay the League before the next game.
2. In the event of a forfeit, the forfeiting team will be responsible for the both Official fees. The League will collect from the forfeiting Community and pay the officials.
3. If the game is made up at a later date, the forfeiting team is responsible for both Officials’ fees, and possibly gym fees (if applicable)
4. At the discretion of the League, teams in Grade 4 – Varsity that have unpaid Official fees from forfeited games will be excluded from participation in the end-of-season tournament.
5. Teams will be given a ten (10) minute grace period from the scheduled start time. If a team is not present at the end of the grace period, the game will be forfeited, and the missing team will be responsible for the Official fees.

SCORE REPORTING

1. All game scores must be entered by the winning coach using the Score reporting process as outlined on the League web site. Scores should be submitted no later than Monday, 8 PM, following a weekend of play. Scores not submitted within 7 days of the game date will result in a win for the team with the better record in the standings.
2. Scores submitted and/or recorded incorrectly can be changed within 7 days of the game date. If you are reporting outside of the 7-day window, then the score should be reported to the League for correction. The League President is responsible for ensuring the web site schedule and standings are correct.
3. Score is not to be kept for 2nd grade instructional in any manner. The scoreboard is not to be used other than keeping time. Resetting the score to zero between quarters is a violation of this rule.

GAME PROTESTS

1. The League will recognize game protests for the following reasons:
 - Player eligibility. The protesting team must issue the protest prior to the start of the game. Once the game has begun, no protests for illegal players will be allowed. The protest is between the coaches and, if needed, the gym monitor. If resolution is not reached, the protest can be sent to the league

provided documentation accompanies the protest, which includes verification of the illegal player and verification that the protest was enacted before the start of the game.

- Playing time (must be noted prior to start of 4th quarter) Playing time may only be protested if the protesting team has documented in detail the playing time of all players. This documentation should be done from the bench area by an individual other than the coaches.

All protests should be submitted to the League and will be resolved within one week of the submission date. The one-week deadline may be extended with the approval of the coordinators involved, excluding the post-season tournament.

The results of the protest will be communicated to the coordinators.

2. In accordance with the OHSAA and the NFHS, there are no protests for judgement calls made by an Official.

6. It is the responsibility of the home member community to have the free throws lines marked for the players.

DEFENSE

The following defensive rules apply to:

2nd Grade Instructional

- Must play man-to-man defense with no full court pressing
- Coaches may line up their players at half court prior to the start of play at the beginning of a quarter and after a timeout to point out the opposing player their players are assigned to defend.
- No zone defense is allowed
- Trapping outside the lane is not allowed
- Defensive players may trap in the three (3) second lane only.
- "Help" defense and "Switching" on screens is allowed if done quickly to avoid an illegal zone.

1) To make sure every coach and Official is clear on this.....If the defensive team is helping, the help player must leave the ball when the original defender recovers. If the team is switching, the original defender must pick up the other defender's player immediately and not continue after the ball. Switching and helping should not result in two defenders pressuring the ball simultaneously trying to force a turnover. In the spirit of teaching the kids' man-to-man defense, they should stay with the player they are matched up with. A favorite tactic of coaches in this age group every year is to tell their players to play a certain spot on the floor, match up with the offensive player that comes in that area and just stay in the same spot regardless of where the original player they were guarding goes; in effect, just wait for the ball to come to you. That is a zone principle, not a man-to-man principle.

- Defenders may not "camp out" in the lane unless the player they are guarding is in the lane.
- Defenders may not deliberately leave their assigned player to pressure or chase the offensive player that has possession of the ball
- On Ball Legal Guarding Position is six feet. Meaning a defender guarding the ball must be within 6ft of the player they are guarding.
- On sideline out of bounds plays at or near mid-court the defensive team may stay back at three-point line and then pick up the offensive player once the ball is inbounded.
- On out of bounds play under the offensive team's basket, the defensive team may not just place a player under the basket to "protect" it. They must defend the out of bounds thrower, but CAN BE placed at an angle to take away the direct throw to the area in front of the basket. This defender must be within 2 ft of the out of bounds line.
- Once possession is established by the defensive team, the offensive team must fall back.
- Defense must allow three (3) feet for the offense to get the ball across the half court line before applying pressure.
- NO CLEARING OUT OR SPREADING THE FLOOR TO GAIN ADVANTAGE FOR ONE OFFENSIVE PLAYER IS ALLOWED.
- A 5-out offense with no motion is prohibited.
- No double picks on the player with the ball.
- No Isolation plays in any manner.
- No placing players on one side of court or beyond the three-point line

Failure to adhere to these rules will result in a warning on the first violation, and a turnover on each violation thereafter. Blatant disregard for these rules in the judgment of the Official will be reported to the Official coordinator and the President so the team may be watched to ensure they adhere to the rules. Repeated violations may result in a forfeit or dismissal from the league.

The following defensive rules apply to:

3rd Athletic

3rd Recreational

4th All Divisions

- Must play man-to-man defense with no full court pressing in 4th grade rec or high rec
- 4th grade athletic only is allowed man to man press in the last 10 minutes up to a 20 point lead.
- When Pressing, all players must be guarding an opposing player, including the in-bounder.
- Official will hold the ball until players are matched up
- On-Ball Legal Guarding Position is six feet as long as the player is an offensive threat. Meaning a defender guarding the ball must be within 6ft of the player they are guarding unless their player is outside the realm of being an offensive threat in the judgement of the official. Any player outside three feet of the three-point line is considered not an offensive threat. An example is that a player 35 feet from the basket is not an offensive threat.
- No zone defense is allowed
- Trapping outside the lane is not allowed
- Defensive players may trap team in the three (3) second lane only.
- Defensive players are allowed to play help defense.
- Defenders may not "camp out", meaning two feet, in the lane unless the player they are guarding is in the lane.
- Defenders may not deliberately leave their assigned player to pressure or chase the offensive player that has possession of the ball.
- Once possession is established by the defensive team, the offensive team must fall back.
- Defense must allow three (3) feet for the offense to get the ball across the half court line before applying pressure.
- "Switching" on screens is allowed if done quickly to avoid an illegal zone.
- Natural traps will occur (pick and roll) Players will have 3 seconds to recover from such an occurrence.
- On sideline out of bounds plays at or near mid-court the defensive team may stay back at three-point line and then pick up the offensive player once the ball is inbounded.
- On out of bounds play under the offensive team's basket, the defensive team may not just place a player under the basket to "protect" it. They must defend the out of bounds thrower, but CAN BE placed at an angle to take away the direct throw to the area in front of the basket. This defender must be within 2 ft of the out of bounds line.

Illegal Offensive

- NO CLEARING OUT OR SPREADING THE FLOOR TO GAIN ADVANTAGE FOR ONE OFFENSIVE PLAYER IS ALLOWED.
- A 5-out offense with **no motion** is prohibited.
- Motion is defined as a player without the ball making a move to engage in an offensive or scoring play. Simply, running to another spot on the court is not motion.
- A 5-out offense with motion is permitted as long as both sides are balanced. In this case, two pass away defenders are permitted to help on the block. That defender does not have to follow his/her defender to corner.
- Isolation offensives sets are prohibited.
- No simultaneous double picks on the player with the ball. Meaning picking each side of the player with the ball.
- No Isolation plays in any form.
- No placing players on one side of court or beyond the three-point line

Help defense is defined as a defensive player must be guarding an offensive player but may rotate to provide help side defense when appropriate. For example, if an offensive player is in the corner of the court and the ball is on the opposite side of the court. The defensive player can slide into the help position. In the example, the player would slide and "put a foot in the lane". The man-to-man defensive principle of one pass away be in deny, two passes away be in help is the intent of this rule so the players in 3rd grade will be afforded the opportunity to advance their defensive skills.

To make sure every coach and Official is clear on this.....If the defensive team is helping, the help player must leave the ball when the original defender recovers. If the team is switching, the original defender must pick up the other defender's player immediately and not continue after the ball. Switching and helping should not result in two defenders pressuring the ball simultaneously trying to force a turnover.

If in the judgement of the officials, players are instructed to stop a fast break or players who will not stop pressing once instructed to do, current OHSA rules for delay of game will be enforced. A warning will be issued for the first offense. Further offenses will result in bench technical fouls. After two technical fouls the head coach would be ejected. The officials to be aware that these are young players. Some may simply not know what to do which would not mean they are intentionally trying to impede the progress of the offensive player in the back court. The rule of thumb will be if one player or multiple players make an intentional move to stop the fast break, delay of game will be called. The coaches who are doing this are violating the spirit of the rule and we need to define that this is illegal.

Failure to adhere to these rules will result in a warning on the first violation; and one point and the ball and a bench technical on each violation thereafter. Free Throws will not be shot for the technical. The point awarded will take place of a free throw.

Blatant disregard for these rules in the judgment of the Official will be reported to the Official coordinator and the President so the team may be watched to ensure they adhere to the rules. Repeated violations may result in a forfeit or dismissal from the league.

PLAYER, COACH AND PARENT/SPECTATOR CONDUCT

The goal of the league is to provide an opportunity for the players to develop the character skills learned from sports through participating in a safe, fun, and conflict free game environment. The games are truly for the children who play. We all need to allow the players to play, the coaches to coach, and the officials to officiate. We all acknowledge that no one in a game is perfect and that mistakes will happen. By signing

the Codes of Conducts, we all pledge to keep the mission in mind and not let our emotions overrule our judgement. Poor behavior is in direct opposition to the mission of the league.

1. All players, coaches and parents/spectators are required to comply with the CPYBL Codes of Conduct and the CPYBL General League and Game Rules.
2. Failure to comply with the CPYBL Codes of Conduct may result in expulsion from the gym, suspension of the right to participate in the CPYBL and/or to attend CPYBL games. Additional disciplinary action will be determined by the Community who had the infracting parent, player, or coach and the League. The CPYBL reserves the right to impose discipline on any player, coach, parent, or fan, associated with a team participating in the CPYBL, in any situation the CPYBL deems appropriate.
3. Member communities will support and impose, immediately and without complaint, the disciplinary actions of the League. Member communities will take no action that challenges or undermines the authority of the League to impose discipline on players, coaches, parents, spectators, or member communities.
4. Member communities will support and impose, immediately and without complaint, the disciplinary instructions of the game Official of the League.
5. Any person involved in an incident resulting in police involvement will be suspended for the remainder of the season and can only be reinstated upon review of the CPYBL.
6. Coaches, parents, spectators, or players who are suspended are prohibited from attending games for their team during their suspension period. If a suspended person attends the game, the suspended person will be expelled from the league and the head coach will be suspended for one game.
7. If a parent/spectator, scorekeeper, clock keeper, assistant coach, head coach (for after game incident) or gym monitor is ejected or suspended for any reason including approaching an official after the game, the player associated with that parent/spectator, scorekeeper, clock keeper, assistant coach, head coach, or gym monitor will be suspended the same length of games.
8. Any head coach, assistant coach, parent/spectator, scorekeeper, clock keeper, or player is ejected twice in one season will be suspended from the remainder of the season and the post season tournament.
9. The CPYBL reserves the right to impose discipline on any player, coach, parent, spectator, or community organization associated with a team participating in the CPYBL, in any situation the CPYBL deems appropriate.
10. The Member Community agrees to indemnify, defend, and hold harmless the CPYBL (and its officers, directors, employees, members, and agents) from and against any and all, actual or threatened, third party claims, liabilities, losses, damages, injuries, or expenses (including reasonable attorney's fees) directly or indirectly arising from or relating to (i) any breach by the Member Community of the terms of this agreement, or (ii) the violation by any coach or assistant coach of the Member Community of the Coach Code of Conduct, or (iii) the violation by any person of the Parents/Spectator Code of Conduct for games played in a facility provided by or through or made available by the Member Community.

The following conduct will result in automatic suspensions for coaches, players, and parents:

Level 1 Infractions:

Threatening an official: Remainder of the Season

Spectator Fighting (Physical altercation): Remainder of the Season

Coach Fighting (Physical altercation): Remainder of the Season

Playing an illegal player: Remainder of the Season

Gym Monitor Ejection: Remainder of the Season

Spectator Entering the gym floor during game play: Remainder of the season.

Allowing Ineligible Coaches to Coach: Remainder of the Season

Any person that is ineligible to coach per the standard set in the rules that coaches a CPYBL game, the team will be suspended for the remainder of the season.

Level one infractions will be reviewed by the league and an unaffiliated coordinator, if deemed necessary

Level 2 Infractions:

Failure to follow a gym monitor's instruction: 2 games.

Spectator Ejection (without physical altercation): 2 games

Games are for the kids. The spectators are to be positive and support their team. A spectator ejection stops the game and is an embarrassment for players.

Player Fighting: 2 games

Fighting includes shoving, slapping, punching, unwanted touching, or any other action that an official would deem fighting, leading to the ejection.

Disciplining or commenting to an opposing player: 2 games

Coaches and parents need to only concern themselves with their team. It is inappropriate for a coach or parent to discipline, reprimand, or council an opposing player. If someone has an issue with an opposing player, the appropriate action is to report it to the coach or to your coordinator and allow them to handle it.

Touching or disciplining the opposing team's players or coach: 2 games

Coaches are prohibited to touch an opposing player in any manner other than to shake their hand after the game. Any coach is never allowed to discipline a player from the opposing team regardless of the reason.

Approaching an official during or after a game: 3 games -5 games for gym monitors

No one, which includes coaches, parents, fans, players, and coordinators, is allowed to approach an official after a game for any reason, including debating calls or voicing their opinion over the performance of the officials, either positively or negatively. The gym staff is charged with protecting the officials after a game. This rule is in place since an official does not have a safe haven after a game.

If a gym monitor approaches the official after the game, other than providing protection, the suspension is 5 games.

After game incident (without physical altercation): 2 games- player involved, 4 games coach or parent

Game ejections (without physical altercation): 2 games

Guest Players: 2 games for player, 4 games for offending coach

A guest player is defined as any player who participates in a game for a team and is not on their roster. The Head Coach will serve the coach suspension

Ejection from Scorer's table: 2 games

Scorekeepers are part of the officiating team and are prohibited from cheering, coaching, or engaging anyone other than the Officials or the coaches when passing information pertinent to the game. Scorekeepers that do not adhere to this rule will be removed from the scorer's table and ejected from the gym. If the bench technical foul results in a coach ejection, the coach will be suspended according to the rules.

Level 3 Infractions:

After game incident (without physical altercation or police involvement): 1 game- player involved, 2 games coach or parent.

All parties deemed by CPYBL to be involved will be automatically suspended. Typically, we do not have a third party, unbiased witness to after game incidents.

An ejection of a parent/fan or a coach will result in their associated player serving the same length of suspension.

While we gather evidence from all parties involved, we rely on the evidence and testimony of unbiased third parties. It is different in every case and sometimes there is nobody in the gym that is unbiased. The Officials are an extension of the league. Please note that the League will not consider anonymous statements as evidence. If you want to provide a statement, the League needs the ability to ask questions and obtain a complete understanding. Anonymous statements do not allow for the aforementioned requirements.

Failure for a team or a community to enforce a suspension will lead to additional penalties up to expulsion from the league.

The aforementioned suspension is the minimum suspension imposed by the League. The League reserves the right to increase the suspension.
